PROFESSIONAL SUMMARY

Full Stack Developer with 1.5+ years of professional experience building and deploying production-ready MERN stack applications. Skilled in RESTful API development, cloud deployment, real-time systems, and third-party integrations including Stripe and Gemini AI.

TECHNICAL SKILLS

- **Programming Languages:** JavaScript (ES6+), Java
- **Frontend & Mobile:** React.js, React Native, Tailwind CSS, Redux Toolkit, Responsive Web Design
- **Backend Development:** Node.js, Express.js, RESTful APIs, JWT Authentication, Socket.IO
- **Databases:** MongoDB, MySQL, SQL (SSMS)
- **Cloud, DevOps & Tools:** AWS (EC2, S3, IAM, ECS/Fargate, VPC), Docker, Linux, Bash, Git, GitHub
- **Third-Party Integrations:** Stripe, FedEx APIs, Cloudinary, Brevo, Gemini AI, Firebase Authentication

EXPERIENCE

Full Stack Web Developer & SEO Specialist — MetlifeDM LLC (Remote) 2024 – Present

- Developed and maintained 6+ production-ready MERN stack applications using React.js, Node.js, Express.js, and MongoDB, independently managing full project lifecycle from architecture to deployment.
- **Art By Bayshore – Live Website**
 - Built a production-grade e-commerce platform serving 120+ art products with Stripe payment processing, FedEx shipping automation, invoice generation, and email notifications.
 - Developed a comprehensive admin dashboard managing orders, inventory, and customer data.
- **JMS Global Exporters – Live Website**
 - Delivered a production-ready exporter website with 10+ product listings, SEO-optimized pages, and Cloudinary-powered media management for a Mumbai-based export business.
 - Built an admin panel managing products, blogs, users, and content with EmailJS-powered inquiry forms.

Web Development Intern — Weboin Company – Certificate Aug 2023 – Sep 2023

- Developed a web applications using React.js, Node.js, and Express.js, built 10+ reusable components, and integrated REST APIs across multiple modules, improving development efficiency.

PROJECTS

SHUATS RentMart – GitHub React.js, Node.js, Express.js, MongoDB, Socket.IO, Gemini AI

- Built a full-stack campus marketplace serving 100+ students to rent, sell, and exchange academic resources with verified student authentication and admin approval workflows.
- Implemented real-time chat via Socket.IO, AI-powered content generation via Gemini AI, trust score system, role-based authorization, and 10+ RESTful API endpoints with JWT authentication, Cloudinary integration, and a separate admin panel.

Real Estate Platform – GitHub React.js, Node.js, Express.js, MongoDB, Cloudinary, JWT

- Engineered a property listing platform with 50+ listings, JWT authentication, role-based access control, advanced search with 5+ filter options, and property management capabilities.
- Designed responsive UI and optimized backend APIs with indexed queries, reducing average response time.

Versera – GitHub React.js, Node.js, Express.js, MongoDB, Cloudinary, JWT

- Developed a full-stack publishing platform with 10+ RESTful API endpoints, JWT authentication, bcrypt encryption, role-based access control, and an admin panel for user management and content moderation.

EDUCATION

Master of Computer Applications (MCA) 2024 – 2026

Sam Higginbottom University of Agriculture, Technology and Sciences (SHUATS)

Bachelor of Computer Applications (BCA) 2021 – 2024

D Y Patil International University, Pune

CERTIFICATIONS

AWS Certified Cloud Practitioner 2024

Web Development Certification – Teachnook 2023
